ANGRY CAMERA COMPARISON

Which camera is more angry?

Left: Bromley

Below: Harlow

They both look pretty evil!

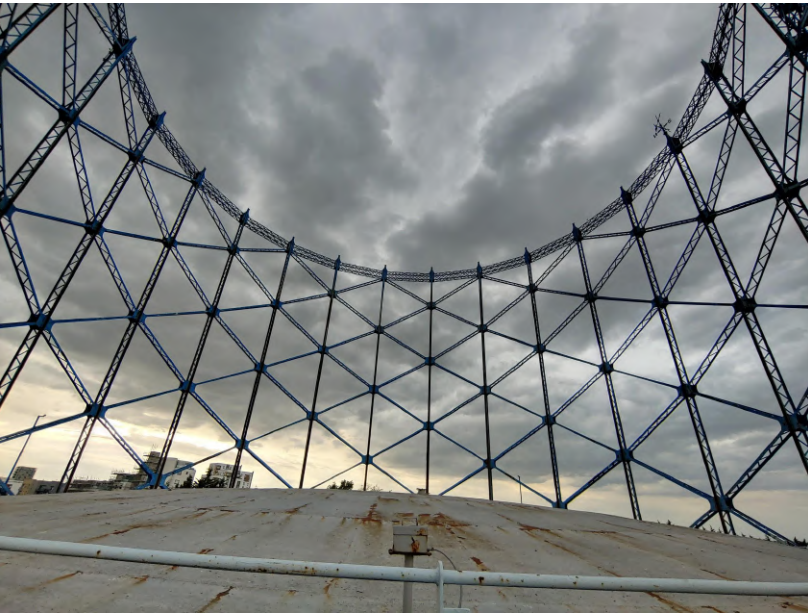

What even is this trend of making cameras have faces. I do not believe the position of the IR LEDs is a coincidence. At some point somewhere in the design process someone must have thought giving it a face was a good idea.

GOODBYE ELEPHANT

LONDON'S LAST RELIC OF THE PAST

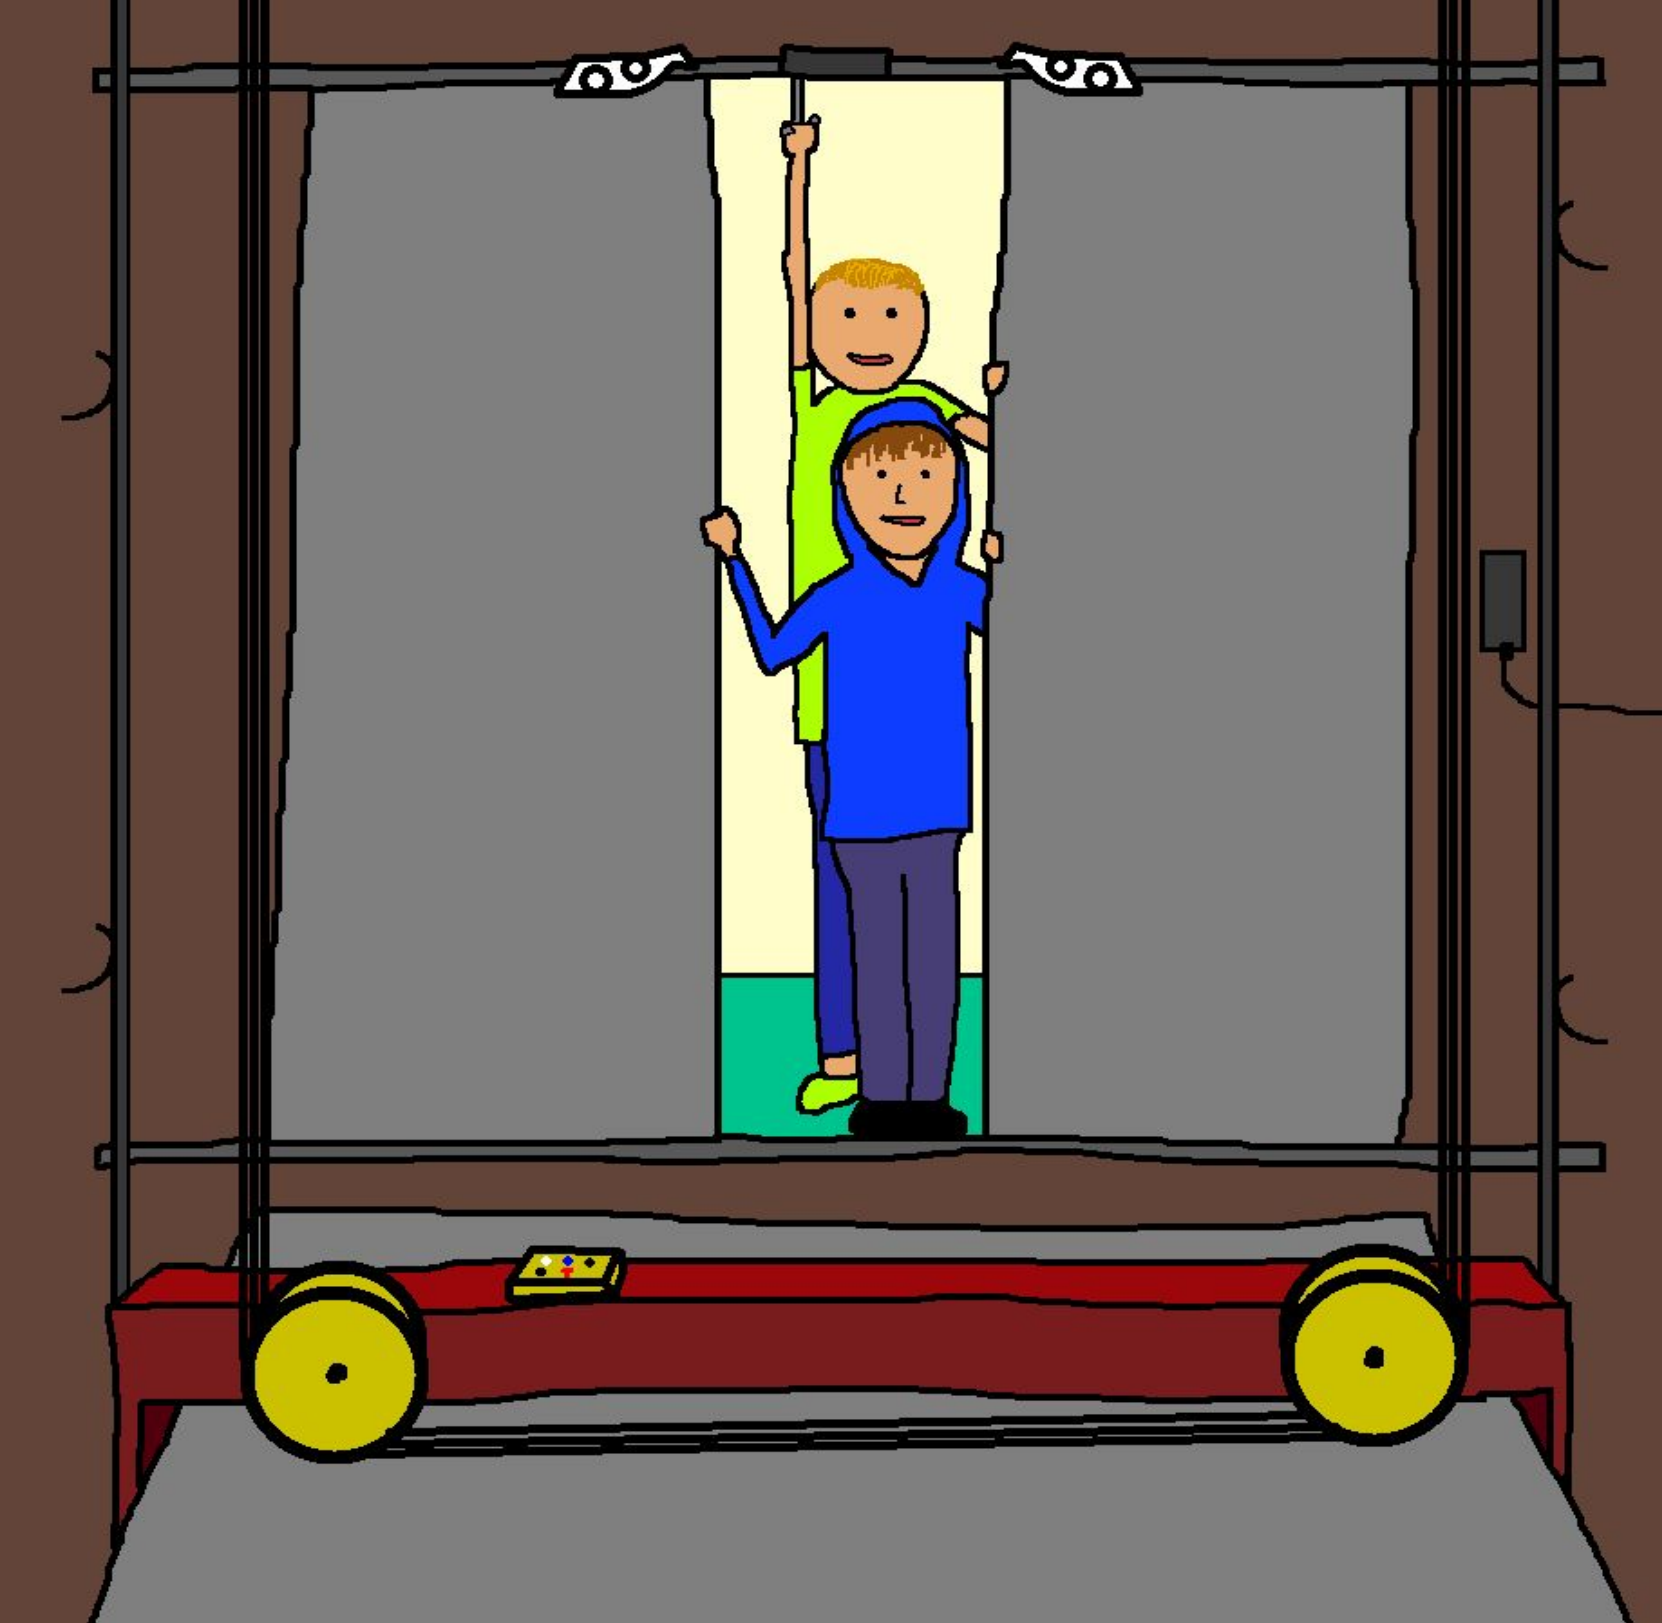

Elephant and Castle shopping center has a selection of old shop fronts.

This Greggs has not been updated since the 90s.

This shop looks very old and interesting
